4. Approval of Minutes

Moved By Marianne Stewart **Seconded By** Michael Cottenden

THAT the minutes of the July 15th, 2019, Pelham Audit Committee be approved.

Carried

4.1 PAC-02/2019 Audit Committee Minutes of July 15, 2019

5. Business Arising From Minutes

None.

6. Audit

None.

7. Operating Financial Report

The Committee reviewed the Operating Financial Report dated July 31st, 2019.

The Committee requested further explanation regarding supplemental tax bills and other tax revenue. David Cribbs, CAO and Teresa Quinlin, Treasurer explained the supplemental tax bill process to the Committee and how the Town receives tax revenue from new development.

Through discussion, the Committee requested the Treasurer provide a separate Grant Report to be brought to the Committee for review.

8. MCC Operating Financial Report

The Committee reviewed the Meridian Community Centre ("MCC") Financial Report dated July 31st, 2019.

Teresa Quinlin, Treasurer indicated the MCC utilities expenses are currently under budget and the Town received a credit in the amount of \$66,000.00 from Hydro One.

The Committee discussed Development Changes ("DC") and the role in which DC are going to assist in paying down the Town's debt. David Cribbs, CAO explained to the Committee the Province is changing how DC may be collected by the municipality. Community Benefit Charges may be collected instead of DC.

Member, Crum left the meeting.

9. Transit Operating Financial Report

The Committee reviewed the Transit Operating Financial Report dated July 31st, 2019.

The Committee discussed briefly how the Town of Pelham transit system operates and that the Town will be tendering for a second bus in the near future.

10. Capital Report

The Committee reviewed the 2019 Capital Projects – Second Quarter Report to the end of June, 2019. Teresa Quinlin, Treasurer indicated the majority of the 2019 projects have been procured (only three (3) projects currently going through the procurement process) or deferred.

Monthly Revenue Report at August 31, 2019 (67% of time lapsed)

Explanatory Notes:

- (1) Taxation revenue based on budget; final tax bills were sent out in June.
- (2) Supplemental revenue is collected June through November, and has exceeded budget for 2019.
- (3) Budget of \$39,800 pertained to Ontario Municipal Partnership Fund (OMPF). OMPF payments for Q1-Q3 have been received, and new Municipal Modernization grant of \$725,000 has been deferred until it can be applied to expenditures approved by Council. Approximately \$520k has been approved to be applied to capital projects in order to allocate Federal Gas Tax to the Pelham St. project. These grants are considered unconditional because they are not dependent upon a specific project being completed.
- (4) Interest will be allocated to non-discretionary and obligatory reserves at year-end.
- (5) Uncertain timing of certain revenue streams.
- (6) \$5,000 Grant received from Enbridge for fire equipment which has been purchased.
- (7) Increased fees for permits and parking fines.
- (8) Q2 POA received in August, and year-to-date received is tracking higher than budget.
- (9) Aggregate resource grant received in September each year.
- (10) Payments expected for federal grant related to climate change and innovation.
- (11) Most recreation camp and special event activity occurs in Q2 and Q3.
- (12) Significant portion of transit grants pertain to the second bus and therefore have not yet been received.
- (13) Increased revenue due to growth within the Town. At year-end, any Building Department surplus is transferred to its reserve.
- (14) Water and wastewater have been billed for January to August. Consumption tends to be higher in the summer, therefore revenue appears to be slightly lower than budget due to lower consumption than anticipated.

Actual Results to Budget as at August 31, 2019 (67% of time lapsed)

Explanatory Notes:

(1) Higher ice rental revenue during hockey season; expected to be lower in the summer. Additional rink flooded at the end of August.

- (2) Revenue for January 2019 has been adjusted to reflect changes made within the recreation software permit system related to bookings held during 2018 but adjusted in 2019. Permits are now being set up monthly to ensure more accuracy in monthly reporting.
- (3) Due to popularity and high demand for camp programs, additional spaces were added resulting in additional revenue.
- (4) New Horizons for Seniors Program Grant monies received for approximately \$25,000 subsequent to budget approval.
- (5) Advertising payments will be received in September and December. Total anticipated advertising revenue should be close to budget for 2019.
- (6) A credit of \$66,858 was received for the period of Nov 22, 2017 to March 25, 2019. A lower rate is now being charged. There should be a minimum of \$150,000 savings on this budget line for 2019.
- (7) Natual gas usage will be higher in the fall and winter months.
- (8) Water is billed bi-monthly.
- (9) Telephone costs for the MCC are coming in above budget and are now estimated at \$15,000 for the year, due to dedicated analog lines required for the elevators as well as handheld devices for staff which were budgeted in facilities general. Budget savings are expected in general facilities expense to offset.
- (10) Costs incurred for puck boards, equipment hooks and cable covers. Purchase of floor equipment, including floor scrubbers. Savings in Contract-Services-Janitorial expected to offset the cost.
- (11) Insurance exceeding budget based on rates renewed in July 2019. 2020 budget will be adjusted to reflect higher premiums.
- (12) Expenses for Contracted Services Janitorial ended on April 30, 2019. Staff have taken on the janitorial duties.
- (13) Tax levy debenture payments for the MCC occur in June and December.
- (14) Development charge debenture payments for the MCC occur in January and July.

Explanatory Notes:

- (1) The Town has been notified that our most recent provincial gas tax allocation is \$51,334. The remaining approximate \$70,000 relates to the Ministry of Transportation Grant of \$500,000 over 5 years, and is for start-up and operating costs related to the second bus.
- (2) Region contribution to link not yet received.
- (3) Niagara College and Brock uPass paid in advance for the first half of the year; Ticket revenues not dispersed evenly through the year because they are sometimes purchased in a blocks of tickets.
- (4) Sponsorships are often paid in advance for the full year of advertising.
- (5) Expenses below budget because the second bus is not yet in operation. The budget was based on the first bus operating for a full year and the second bus operating from approximately September to December.
- (6) Interdepartmental transfers are allocations of costs from other department, such as facilities. These are recorded at year-end based on actual results.

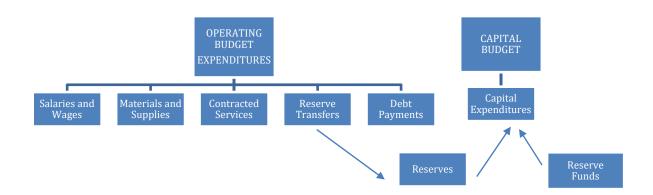

RESERVES AND RESERVE FUNDS

2020 BUDGET

Reserves and Reserve Funds are established by Council to assist with long-term financial stability and planning. By maintaining reserves, the Town can accumulate funds for future expenditures or contingent liabilities.

The Town operating budget includes reserve transfers, which are used to fund operating projects, capital projects and other significant expenditures.

Reserves are established at the discretion of Council, often as part of a financial strategy to fund programs or capital projects. Reserves are an allocation from the accumulated surplus of the Town. They are not associated with any specific asset. A reserve is generally used to mitigate the impact of fluctuations in operating costs and revenue. The Town of Pelham has established the following reserves:

- Building Department
- Cemetery
- Meridian Community Centre
- Community Improvement Plan
- Elections
- Fire Equipment
- Flee
- Future Subdivision Projects
- Information Technology
- Land Acquisition

- Library
- Municipal Building Facility
- Municipal Drainage
- Parks and Recreation
- Physician Recruitment
- Planning
- Roads
- Wastewater
- Water
- Working Capital

The airport reserve is proportionately consolidated in the financial statements and is not controlled by the Town.

Discretionary reserves do not earn interest. The Building Department, Water, and Wastewater reserves are noted as non-discretionary on the annual reserve summary prepared by the Treasurer because these are supported by sources of revenue other than the tax levy, and the Town allocates interest to those reserves. The Town's reserves at December 31, 2018 are found in Note 9 to the financial statements.

Obligatory Reserve Funds are segregated and restricted for a specific purpose. They represent monies set aside either by a by-law of the municipality, an external agreement, or the requirement of provincial legislation. Interest earned on reserve funds must be allocated to the specific reserve fund that earned it and used for that purpose. Obligatory reserve funds are included in deferred revenue, and the revenue is recognized when eligible expenditures are made using those funds. The Town's obligatory reserve funds at December 31, 2018 are found in Note 5 to the financial statements.

The Town of Pelham has the following obligatory reserve funds:

- Development Charges
- Parkland Dedication
- Federal Gas Tax
- Ontario Community Infrastructure Fund (OCIF)
- · Other externally restricted grants and funds received

RESERVE FORECAST

A 5-year reserve forecast summary has been prepared to illustrate the long-range financial planning of the Town. Many of the balances can be difficult to predict as their use is affected by uncertain future events, interest rates, and the timing of capital projects. However, the following table illustrates projections based on the current capital plan, with reserve transfers from the operating budget increasing each year in most cases, to bring about a positive balance within 3 to 5 years and provide for future expenditures. Should the approved transfers to reserve differ from those in the projection, or additional expenditures be incurred, the balances will be reduced. This forecast has assumed that some projects will be debentured beginning in 2021, in accordance with the 10-year capital forecast.

- Note 1: No increase projected in Airport reserve reserve not under control of the Town and has not fluctuated significantly.
- Note 2: Estimated slight increase in Building Department reserve in 2019 and 2020 due to higher revenues than budget, then begin to decline.
- **Note 3:** Reserve was established to cover borrowing costs associated with construction of the MCC. Anticipated that funds will be used as needed and then balance transferred to working capital reserve.
- Note 4: Estimate based on report presented to Council July 16, 2018, adjusted for actual results that differ from estimate and a slight reduction in reserve transfers from projection.
- Note 5: Assumed approximately \$13,000 to \$15,000 contribution per year, with most of the balance used in election years.
- Note 6: The Future Subdivision Project reserve has been unchanged for several years.
- **Note 7:** In years where there is an operating budget surplus, a report will be brought to Council to determine whether some should be transferred to replenish the Land Acquisition Reserve.
- Note 8: Assumed expenditures equal operating transfers for Physician Recruitment reserve.
- Note 9: Assumed MCC reserve balance transferred in and operating revenues equal operating expenditures for all years.

RESERVE FUND PROJECTION

A 5-year reserve fund projection summary has been prepared to illustrate the long-range financial planning of the Town. Many of the balances can be difficult to predict as their use is affected by uncertain future events, interest rates, and the timing of capital projects. Furthermore, the timing of collections is dependent on external factors such as rate of growth and development of the Town, or approval of transfers from the federal and provincial governments. These factors cannot be controlled by the Town and so these estimates will have to be revised as actual collections occur.

The following tables illustrate projections based on the current capital plan, with estimates made concerning the timing of collections. Should the amounts collected differ or additional expenditures be incurred, the balances will be reduced. These projections have assumed that projects will be debentured, in order to maintain a positive balance in the reserve.

Development Charge Reserve Fund

The projected collections for the Development Charge (DC) Reserve Fund are based on the estimates of the anticipated amount, type, and location of residential development within the Town of Pelham between 2019 to 2029 that are found in the DC Background Study. It has been assumed that the number of dwellings would be spread evenly over the 10 years, with a decrease in 2019 and 2020 based on collections year-to-date.

The projected expenditures are based on debenture schedules and the 10-year capital budget. The *More Homes, More Choice Act, 2019* and its potential impact on development charges has been discussed in the 2020 Capital Overview. The service areas that will be removed from the DC reserve will be adjusted in the projection when the regulations with respect to the *More Homes, More Choice Act* have been released.

Parkland Dedication Reserve Fund

The projected collections for the Parkland Dedication Reserve Fund are based on historical collections. The 5-year average of collections is approximately \$348,000 however there has been significant growth in recent years so the projection has been adjusted down as the rate of development slows.

The projected expenditures are based on debenture schedules and the 10-year capital budget. Assumptions have been made regarding the projects that will qualify for funding from the Parkland Dedication Reserve Fund, but this may be subject to change depending on the scope of the project.

RESERVE FUND PROJECTION, CONTINUED

Federal Gas Tax Reserve Fund

The Town has an agreement with the Association of Municipalities of Ontario pertaining to Federal Gas Tax funding. Certain capital projects are eligible for funding and the 20-year capital budget has been prepared on the assumption that all gas tax funds will be applied toward roads capital projects in the year the funds are received, therefore there is no projected balance for this reserve fund.

To continue receiving this funding, it is required that the Town continue to spend over and above the "base amount", which is essentially the Town's own spending on capital infrastructure from 2000 to 2004.

The projected expenditures are based on the 10-year capital budget.

Ontario Community Infrastructure Fund (OCIF) Reserve Fund

The Town has an agreement with the provincial government pertaining to OCIF funding. The amount of funding that is expected for 2020 is still unknown, therefore the capital budget has been prepared on the assumption that funding for 2020 will equal 2019, and all OCIF funds will be spent within the year, therefore there is no projected balance for this reserve fund.

Due to the uncertainty of the amount of future funding, OCIF grant funding has been projected at a reduced amount past 2020 until amounts can be estimated.

The projected expenditures are based on the 10-year capital budget.
